SUMMARY

Undergraduate in agriculture with a deep understanding of modern farming techniques, crop production, and soil science. Eager to apply my academic knowledge in a dynamic agricultural organization or research facility where I can contribute to substance agriculture practices enhance my professional skills.

KEY SKILLS

- Knowledge of crop production and management practices.
- Expertise in soil science and irrigation techniques.
- Proficient in agricultural machinery handling and maintenance.
- Understanding of pest and disease control methods.
- Familiar with organic farming, precision agriculture, and sustainable practices.
- Data analysis skills for farm yield optimization.
- Strong observational and problem-solving abilities

ACADEMIC PROJECTS

Title : Effect of Organic Manures on Crop Yield and Soil Health

Key Work

- Conducted an experiment to study the impact of various organic manures such as cow dung, compost, and vermicompost on crop yield and soil fertility.
- Collected and analyzed data to compare crop growth in organically and chemically treated fields.
- The project concluded that organic manures improved soil health and resulted in higher crop productivity.
- Presented the findings at the university agriculture seminar and received recognition for innovative research.

ACADEMIC QUALIFICATION

Bachelor of Science (Hons) in Agriculture

IIMT UNIVERSITY, MEERUT, CGPA - 80%

SEP 2022

INTERMEDIATE

S.D.A MISSION SCHOOL, HAPUR (ISC BOARD) - 72%

APR 2021 - JULY 2022

MATRICULATION

S.D.A MISSION SCHOOL, HAPUR (ICSE BOARD) - 70%

APR 2019 - APR 2020

CERTIFICATION

- Certificate in Organic Farming Practices.
- Soil Testing and Fertilizer Application Certification
- Certification of participation in Intellectual Property UTSAV
- Certificate of participation in 3-Days Workshop Mushroom Preneurship
- Certificate of 2-Days offline Workshop on Drug Discovery and Molecular Docking

EXTRACURRICULAR ACTIVITIES

- Active member of the college agriculture club, organizing field trips and guest lectures.
- Volunteer for Shine India NGO, Promoting sustainable agriculture practices in rural areas.
- Attended multiple agricultural expos and conference on modern farming techniques and technologies
